PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in ASP.NET Core, C#, Angular, and SQL Server. Proficient in building RESTful Web APIs, developing responsive Angular UIs, and performing manual and API testing. Experienced in complete software development workflows including CRUD operations, stored procedures, defect tracking, and API validation using Postman.

TECHNICAL SKILLS

Backend: ASP.NET Core, C#, Web API, REST API, Entity Framework

Frontend: Angular, TypeScript, HTML5, CSS3, Bootstrap

Database: SQL Server, MySQL, Stored Procedures, CRUD Operations

Testing: Manual Testing, API Testing, Postman, Test Case Design, Defect Tracking, Functional Testing, Regression Testing

Tools: Git, Bitbucket, Visual Studio, VS Code, Claude

WORK EXPERIENCE

Software Quality Engineer Intern | Inforadiance | Chhatrapati Sambhajnagar

Jul 2025 – Dec 2025

- Designed and executed comprehensive test cases, improving overall test coverage across billing applications
- Identified and resolved critical software defects, significantly enhancing product quality and reliability
- Conducted functional, regression, and API testing to ensure end-to-end software quality assurance
- Developed Angular-based UI screens for billing applications, enhancing user interface functionality and responsiveness
- Built and maintained CRUD APIs using ASP.NET Core Web API connected to SQL Server database
- Executed API testing using Postman to validate endpoints, request/response behavior, and data accuracy
- Logged, tracked, and verified software defects using structured defect management processes
- Collaborated with cross-functional teams to ensure smooth product releases and on-time delivery

Software Development Intern – .NET Technologies | Inforadiance | Chhatrapati Sambhajnagar

Feb 2021 – Oct 2021

- Developed responsive web pages using HTML, CSS, and Bootstrap following modern web standards
- Built backend modules using ASP.NET framework with C# for server-side data processing
- Implemented SQL CRUD operations using stored procedures in SQL Server for data management
- Delivered small-scale web projects using .NET framework and libraries under technical mentorship

PROJECTS

Internet-Based Discussion Forum

- Designed and developed a role-based discussion platform with Administrator, Alumni, Teacher, and Student modules
- Implemented structured messaging system enabling organized, collaborative communication across user roles
- Built user authentication and role-based access control for secure module-level separation

Inventory Management System

- Developed system to manage customer records, sales, and purchase details using ASP.NET Core and SQL Server
- Implemented CRUD operations for products, customers, and transactions ensuring data accuracy and integrity
- Designed normalized database schema with stored procedures for efficient data retrieval and reporting

Personal Portfolio Website

- Designed and developed a responsive static portfolio using Angular, deployed live on Netlify

Live URL: <https://pratibhahajareportfolio.netlify.app/>

EDUCATION

Bachelor of Engineering - Computer Science *Aug 2021 - May 2024*
Dr. Babasaheb Ambedkar Marathwada University (BAMU) | CGPA: 6.71

Diploma in Computer Engineering *Aug 2017 - Apr 2020*
MSBTE | Percentage: 78.80%

CERTIFICATIONS

- Internship Certificate - Software Quality Engineer Intern | Inforadiance | Issued: Jan 2026
